BREAK ACCIDENT CLAIMS REFEREE'S LIFE

A freak accident claimed the life of 19-year-old Timothy Harold Harrison son of Mr. and Mrs. Norm Harrison Jr., when he was struck on the head by a puck while refereeing a hockey game in Minden. The popular young athlete was refereeing an exhibition game between The Minden Rotary Club and Local Ministry of Natural Resources personnel when he was struck by the puck early in the second period. As is customary with referees, he was not wearing a helmet at the time. Determined to carry on with the game, he finished the period but left complaining of pain before the third period started. When his condition worsened during the evening he was taken first to Minden Red Cross Hospital, then by ambulance to Ross Memorial Hospital, Lindsay. From there he was rushed to Toronto General Hospital where he died at 5:30 Wednesday morning. Death was caused by a massive hemorrhage resulting from a ruptured vein or artery in the temple. With the permission of his parents Tim's kidneys were used in a transplant operation later that same day to bring the hope of life to another. Tim's death is believed to be the first instance in the entire history of hockey where either a player or referee has died as the result of being struck by a puck. Thursday, hundreds of shocked and saddened friends, relatives and acquaintances attended a funeral service for Tim at Welch's funeral chapel, jamming every available space in tribute to the popular youth and his family. A Grade ten student at Halliburton Highlands Secondary School, Tim was extremely popular with both his peers and adults alike. His two major interests were sports and music and he was accomplished in both. Musically talented, Tim played a number of musical instruments including the piano and was a member of both the school band and the Halliburton Glee Club. Active in a variety of sports, hockey was his first love and as goaltender for the Minden Midgets he was one of his team's mainstays throughout the season. But first and foremost amongst his many interests was refereeing which he had hoped to make his life's

The recent birth of these two fine young calves within a few weeks of each other on the Minden farm of Mr. and Mrs. Dave Stamp is the result of a one-in-a-

million miracle of conception that produced two calves from the same cow by two separate sires. The calves, a Hereford bull and a Charolais heifer, were

born February 20 and March 19 respectively by their purebred Hereford mother. Their sires were the Stamp's own Hereford bull and at about the same time last sum-

mer a neighbor's Charolais bull that broke into the Stamp pasture. Animal husbandry officials consider the double concep-

tion involving two sires to be a medical rarity, and say it is likely the cow possesses two sets of reproductive organs.

Tim Harrison

work. Too young to attend a regulation referee school, he had participated in a special referees' seminar organized by high school principal John Rouble and even at his young

Stole to practice

Three Burlington teenagers who took their furniture refinishing course so seriously they stole articles to practice on now face theft charges after police stopped their furniture laden car south of Kinmount last Saturday. According to police they were called to a Gelert home around supertime Saturday by area resident who noticed intruders about the abandoned home. Although the trio had fled the scene before police arrived, they were pursued and stopped by the officers on Highway 121 a mile or so south of Kinmount.

Guest points rifle ...charged

A weekend guest at a Hall's Lake cottage who first demonstrated his Kung Fu talents on his host then scared the other 12 guests with a loaded .22 rifle early last Saturday morning has been charged with dangerous use of a firearm. Police were first called to the cottage of Gordon Lawrsen by his son John Jr. age 20, after Ajax circuit board manufacturer John Morgan, 32, injured Lawrsen's nose with Kung Fu. However, police left when Lawrsen Jr. decided to give Morgan a second chance. Some two hours later Provincial Constable Barry Connelly again returned to the cottage when Morgan began flourishing the rifle, pointing it at two other guests. Taking no chances, P.C. Connelly called for reinforcements then arrested Morgan as he stood in the doorway of the cabin, gun in hand. Although no shots had been fired, the lever-action carbine was fully loaded includ-

ing a bullet in the chamber, the safety off. Investigation by Provincial Constable Barry Connelly.

Award paving contract

The Brennan Paving Company of Hamilton, Ontario, has been awarded the hot mix paving contract for the surfacing of Highway 35 some 6.9 miles north of

Geology students to help map Ontario

One hundred geology students from Canadian universities will work with staff members of the Ministry of Natural Resources' Division of Mines to map the geology of parts of Ontario this summer according to a recent announcement by Natural Resources Minister Leo Bernier. Starting in mid-May, they will follow a program established a number of years ago to give students practical experience in geology while adding to our knowledge of the geology and mineral potential of Ontario.

Most of the 33 field parties this year will be made up of one staff geologist of the Division's Geological Branch and three or four students. Additional projects will be carried out by resident and regional geologists, who will add the seasonal work to their normal duties.

Where land access is possible, geologists use cars, trucks and canoes to reach each day's work area. But many of the field parties will end up "in the middle of nowhere", in virtually inaccessible areas of the rugged, heavily wooded and frequently swampy areas of Northern Ontario. In these areas, the Ministry charters small conventional aircraft to "air-lift" men and equipment to and from their base camps. The planes may also take them to their work area in the morning and return them to their starting point in the evening or drop them on a lake to establish a "fly camp" from which they will work for several days. In large inaccessible areas, a helicopter is used to transport a geologist from one rock exposure to another, along rivers and on lakes. Using the "chopper" the geologist can cover a large area each day. A reconnaissance survey named "Operation Kenora-Ear Fall, after the 12,000 square mile area it covers, will follow this technique,

which was first introduced by the Mines Division in 1966. Krystyna Slemiatkowska, one of the few women geologists employed by the Ministry, is leading a field party for the third year. She says she would not trade her job for a more routine one even though she must suffer the temporary discomforts of black flies, mosquitoes and swamps while "roughing it in the bush". She agrees that the work calls for stamina, enthusiasm and a genuine liking for the outdoor life.

Most of the projects in this year's program are under the jurisdiction of the Precambrian geology section of the Geological Branch. Three-quarters of Ontario's land mass is composed of the ancient Precambrian rock of the Canadian Shield, host to the minerals that accounted for the greater part of the 2.4 billion dollars in mineral production last year. The helicopter-supported reconnaissance project and 22 regular field projects are planned in this Precambrian region for 1975.

Geologists of the Phanerozoic geology section will map glacial deposits in several areas of Southern Ontario to determine their potential as sources of sand and gravel. This information is vital for land use planning.

Scientists of the geophysics/geochemistry section of the Division of Mines also plan to conduct a number of specific surveys and investigations based on geophysical and geochemical techniques. Staff of the mineral deposits section will also be carrying out investigations on known deposits of iron, gold and silver, nickel, copper, lead and zinc, industrial minerals, structural materials, lignite, etc., in many areas of the province.

The snowy owl

by Dean Rivett
Ministry of Natural Resources

The Snowy Owl is born in the Arctic tundra in a small hollow on the ground. Unlike a lot of owls the "Snowy" owls are diurnal (day-living). This is believed to be a result of the number of daylight hours in the Arctic summer.

Their favourite food while in the Arctic is lemmings, but when winter moves in and the lemmings supply drops, the Snowy Owl migrates as far south as the Northern United States. These migrations have not been a yearly event but seem to occur in erupting intervals of about 4 years. However for several years in succession now, the Snowy Owl has been seen doing aerial surveys of the fence rows, marshes, and open fields along the northern shores of Lake Ontario, which resemble the terrain of their hunting territories in the far north. Their main diet while wintering in Southern Ontario, is rabbits, squirrels, muskrats, and even the occasional pheasant

which left itself unprotected to the winged predators. These large white birds are also seen quite often around cities. It is believed that the tall buildings resemble the large rock formations of their normal habitat in the Arctic.

The young are born covered with white down, which is later replaced by brown juvenile plumage. The adult bird is mainly white with occasional black - brown flecks, or bars.

The colour patterns of the adults, are not regular, as some adults may be whiter than others. The Snowy Owls like all other owls are protected in Ontario under the Game and Fish Act, and in violation of this act a fine as high as \$1,000 can be levied.

No matter how nice they may look in your living-room or den, the important thing to remember when you see these birds is to LOOK DON'T TOUCH!

Your money and credit

SHOP FOR LOAN

There are other financial institutions besides the banks who lend money. There are credit unions, but you must be a member and not everybody is. And there are the caisses populaires, primarily in Quebec, which are another form of credit union.

Other lenders include consumer loan companies and sales finance companies. The former offer personal loans like the banks, but at somewhat higher rates. The latter provide point of purchase finance facilities at automobile dealers and other sellers of durables. Again, the interest rates should be checked just as any good shopper does in making a wise purchase anywhere. It is wise to find out precisely how much your loan will cost. By law, you are entitled to know before you sign.

Life insurance companies also lend money - if you have a life insurance policy you can borrow money on it. But remember that if you do this, your life insurance protection will be reduced by the outstanding amount of the loan.

The amount of money which you can borrow in this way depends entirely upon the cash surrender value of the policy at the time you want the loan.

You can borrow up to that amount, but no more.

There are no hidden costs involved when borrowing money on your insurance.

There is simply an interest charge - on a policy taken out before Sept. 1, 1968, this cannot exceed 6 per cent; on a policy taken out later than that, on which there wouldn't be much cash surrender value yet anyway, the interest charges would be higher.

All these lenders have different types and terms of credit. Because they are in competition with each other the borrower can shop around for the best deal.

The best advice we can give you is to look around for the best buy - as you would if you were making an important purchase for the home.

This is one of a series of columns on money management, condensed from the booklet Your Money and Credit Today and Tomorrow, published by the Canadian Bankers' Association. Copies of the booklet, in English or French, are available free from the Association at P.O. Box 282, Toronto Dominion Centre, Toronto, Ontario, M5K 1A3.

\$7,700 damages in 3 crashes

Damages amounted to some \$7,700 while seven persons suffered minor injuries in three separate accidents last week.

Charged with careless driving is Reginald Sproats, 62, of Haliburton whose car struck two parked cars on the Minden Bay Rd, Kawagama Lake, last Wednesday afternoon causing some \$2,600 damage to the three vehicles.

Icy road conditions were blamed Saturday in a two-car crash at the junction of the Bethel Church Road and the Blairhampton Road. Although neither driver Peter L. Burk, 19, of Willowdale nor driver Murray R. Crawford, 20, of Ajax were injured, minor injuries were sustained by passengers Kathy Warren, 18, Willowdale, Sharon Deschenes, 16, Toronto and Maryann Anderson, 19, Kinmount.

Four Hamiltonians, Brian McDuffee, 21, Linda Jones, 23, Ann Rankin, 19 and driver Kerry Jones, 26, suffered sundry cuts and bruises after the westbound Jones car failed to negotiate a curve on the Vankoughnet Rd just west of Carnarvon went off the road into a ravine and rolled over Sunday afternoon.

Damage amounted to \$3,500. Investigations by Constables Ron Buchanan, Al Bibby and Barry Connelly.

TIM

age was considered to be one of the area's best referees. According to Mr. Rouble all Ontario referees will be compelled to wear helmets next season.

A special memorial plaque donated by his Minden Midget teammates is to hang in the Minden Arena.

A member of St. Paul's Anglican Church, Tim was in training as an altar boy and had just returned the day before the accident with a group of youths from Mississauga where they had assisted Rev. Andrew Hutchison in a special church service during the weekend. One of five brothers, Tim is survived by his parents, Norm and Betty Harrison, his grandparents Mr. and Mrs. Norman Harrison Sr., and brothers Michael, 20, Scott, 18, Terry, 14, and Sean 11.

NUTRITION NOTES

Do we really need a Candy Month?

The January issue of Canadian Grocer has announced that March is Candy Month. To celebrate the event, the candy manufacturers are sinking more than a million dollars worth of T.V., radio and newspaper advertising into the project. And a Candy Month is just what Canada needs. Canadians are already overweight. We currently consume 102 pounds of refined sugar each annually in addition to 19 pounds of candy. It has been well-documented that candy causes tooth cavities that even brushing after every meal won't prevent. And noted doctors like Dr. Cheraskin in his book Psychodietetics, and Dr. John Yudkin, in Sweet and Dangerous, relate sugar to an infinite number of diseases—diabetes, hypoglycemia, kidney stones, intestinal cancer, hormone disorders and heart disease. Yet all across the country, this month, grocers will be giving away candies and will feature special displays. Who knows? Maybe they'll announce April is stomach ache month.

End Monday night plays in Haliburton

Although the Kawartha Summer Theatre will open its 10th season in Lindsay July 8, it will not as in past years present its summer-long series of plays in Haliburton. This year sees the end of the Monday night performances in Haliburton and a new

union contract plus a big jump in costs are blamed in a Kawartha Festival Foundation news release. Since 1969 the Theatre has opened its shows each Monday evening at the Haliburton Highlands Secondary School auditorium.

"Pirates" Approaching!

During the last week of April the stage of H.H.S.S. will be taken over by a dangerous band of pirates—"the famous Pirates of Penzance"! But these "pirates" won't be after your lives or your treasures (except the admission price). However they would very much like your attendance and support. Their only aim will be to assist you in having an enjoyable evening of light-hearted music and comic drama.

This year's "Pirates of Penzance" will be the seventh annual operetta to be presented by the H.H.S.S. Glee Club under the direction of Mr. Bill Giddon. These productions have consistently received excellent reviews from an enthusiastic and growing audience, who have come to regard them as annual highlights of Halibur-

ton County's musical culture.

Plan now to attend one or more of the performances of "The Pirate"

See the Coming Events section for details.

Mortgage money for county

At a meeting held recently in the Royal York Hotel in Toronto, Mr. J.B. Cooper of Cooper & Pitts Realtor was appointed the exclusive representative for the Canadian First Mortgage Corporation.

D.H.W. Bath, Vice-President and General Manager, introduced the new operations of the Canadian First Mortgage Corporation to the thirty attending delegates. Canadian First is developing a network of agency representatives across Ontario for the purpose of offering its savings certificates as a secure investment for local residents. It is the Company's intention that the sale of these certificates will provide the Company with funds which will be returned to the communities through the Company's exclusive representatives in the form of mortgage loans for much needed residential housing, industrial and small commercial properties.

Mr. Bath states that "through Mr. Cooper of Cooper & Pitts Realtor, Canadian First will be in a position to provide the Town of Haliburton and surrounding areas with secure mortgage financing and investment services. The Company also expects to have additional mortgage funds available for Haliburton due to the sale of its certificates in major metropolitan centres."

Canadian First is a wholly owned subsidiary of The Metropolitan Trust Company which currently administers assets of three-quarters of a billion dollars. The Chairman of Metro Trust is The Right Honourable Roland Michener.

Can-carrying

With just three days to go in its fund-raising campaign the Minden Branch of Canadian Red Cross has achieved only one-half of its goal.

Needed for the current year is some \$1,700.

To date less than 400 out of the area's 1,200 persons have contributed a total of just \$800.

From the rest - nothing!

Another \$900 is needed, now! That's little more than a dollar each of the 800 persons who have yet to contribute.

Minden must have its Red Cross and the services it provides.

Part of the needed \$1,700, for example, will go towards the maintenance of our Red Cross Hospital. Can anyone honestly say we don't want or need the hospital?

Ask yourself that question and then, if you have yet to make a contribution, do so now.

Don't let someone else carry your can.

Let's put the Red Cross drive over the top.

For our part the Progress will start off these last three days with a pledge of \$10. Match it, why don't you!

Not Justice

Last week the Supreme Court of Canada upheld an appeals court decision to jail Dr. Henry Morgentaler for performing an illegal abortion.

But as Dr. Morgentaler began serving his 18-month sentence in Quebec's Bordeaux jail, he learned that he is scheduled to be presented with the 1975 American Humanist Award May 24 at Webster College near St. Louis, Mo.

And if he can't come to them, they'll come to him and present it at the jail.

The abortion law contravened by Dr. Morgentaler was promulgated primarily to ensure that abortions be conducted as he, himself, did... by a qualified physician under proper, clinical circumstances.

It was aimed at the back room butchers who cripple and kill for a fast buck under deplorable conditions of sanitation.

Dr. Morgentaler, though he performed abortions under ideal conditions, broke the law and was convicted.

How ironic that a man considered a great humanitarian in one country is condemned to jail in his own.

The Supreme Court of Canada's decision may have served the law, but certainly not justice.

Report from Parliament

by William Scott M.P.

On April 9th the Canadian people will observe the fifty eighth anniversary of the Battle of Vimy Ridge, one of the most glorious chapters in our country's military history.

At 5:30 a.m. on the April morning in 1917, an initial assault wave of 15,000 Canadian troops leaped out of their trenches and struggled through the barbed wire, clinging mud and enemy shells towards the German defences.

This battle would end a stalemate that had existed in the Vimy Ridge sector since 1914, when the Germans first occupied the area. The battle would involve 97,000 troops from the crack Canadian Corps before it was over, and it would also mark the coming of age of the Canadian nation.

Until the battle of Vimy Ridge, the Canadian Corps had been commanded by a British general. The Corps was led into the Vimy Ridge engagement by General Sir Julian Byng, a brave and distinguished soldier who in 1921 was appointed Governor General of Canada.

The First Division in the Canadian Corps was commanded by another distinguished soldier, Ontario-born Major General Arthur Currie. After the battle, Currie was knighted, and promoted to Lt/General. He was also appointed commander of the Canadian Corps, the first Canadian to command the corps.

By April 14th, just five days later, the Canadian Corps had fought its way three miles, on a front four miles wide, and the entire course of the war had been changed.

The Canadians never lost an engagement with their once-vaunted enemy, and they added many more names to their battle flags before the war ended.

Vimy Ridge took its toll on the Canadian Corps. They lost 3,598 killed in action, and more than 7,000 wounded. Many of the wounded died later of their wounds, and many more lived out their lives in our hospitals.

The Corps captured 4,000 German prisoners, hundreds of guns, and tons of supplies. No record is available of the Germans killed and wounded, but it was apparent that they never fully recovered from the shock of the beating they suffered in that historic battle.

Four Canadians were awarded the Victoria Cross for Valour in the battle. They were Private William Milne, Captain Thain W. MacDowell, Lance Sergeant Ellis W. Sifton, and Private John G. Pattison.

Sifton died in action in the first day of battle, as did Milne. Pattison died in action in another battle, two months later, while MacDowell returned to Canada after the war and worked for a time as secretary to the Minister of National Defence. He died in 1960.

There were many other battles in World War One that were bigger, and which took a greater toll in killed and wounded on both sides. However, no other battle received the acclaim that was accorded to Vimy Ridge.

The battle gave a shot in the arm to the allied armies, whose morale was sagging badly. It also served to boost the spirits of those Canadians back home who were beginning to wonder if the war would ever end. Vimy Ridge seemed to signify that the war would end soon, and that we would win.

Whatever else might be said of Vimy Ridge, it can be summed up very well by a statement issued by the French government after the Battle. It said that Vimy Ridge was Canada's Easter Gift to the French nation.

LETTERS

March 19, 1975

Mr. Bill Foote
Editor
Minden Progress
P.O. Box 337
Minden, Ontario

Dear Mr. Foote:

'Heart Month' in Canada is now over, and on behalf of the Canadian Heart Fund, Ontario Division, please accept our sincerest appreciation for your co-operation and assistance during our financial campaign in February.

Our objective this year was \$3,600,000 and although all returns are not in, due to the disruption in our postal service, we are quite hopeful that our objective will be attained.

Without your willing co-operation in communicating our needs to the public, the Canadian Heart Fund would not be able to express such an outlook.

Heart disease is everyone's problem - and again our thanks for helping us bring to the attention of the public, that - research should be everyone's responsibility. With best wishes.

Yours very truly,
CANADIAN HEART FUND,
(Ontario Division)
Esther M. Richards,
Director of Public Relations

Dear Editor

by any streak of good weather and stretch of good fortune this letter moves through that national disaster area which is our postal system and reaches your desk while its contents are still as urgently relevant as circumstances which dictate its writing. I would appreciate space in your paper to comment.

Today as a citizen of "post-Christian, post-civilized" Canada, stranded 1,000 miles from home, for what seems to be the umpteenth time in the past decade of air-travel, because of a primitive form of barbarism which has effectively negated the brilliant feats of our technology and reduced our civilization to chaos, I wonder if it isn't time we returned the control of our country to the Indians.

Long before the white man came to these shores, the Indians had established out of former feuding factions that co-operative brotherhood known as the "Six Nations Confederacy". We might humbly approach the descendants of that noble people to request that the leadership of our society be invited to their "longhouse" at Ohsweken to learn from them the secret of a humane creative culture.

As the son of a former missionary living on that Six Nations Indian reservation near Brantford, Ontario, I was recently asked to return to Ohsweken to conduct the funeral of a most remarkable Christian woman who had been my teacher in grade eight. And standing by her

grave, I'd recalled Miss Janeson's question asked of me several years before, during a preaching mission she had "chaired" in that community: "Kenny, how is it that before the white man came with their Bible and their 'bottle', we Indians worshipped 'the Great Spirit'? We didn't worship the things He had created, but we worshipped Him, the Creator and Sustainer of every thing. I think our religion was better before the white man came, than most white man's religion is today in Canada. You worship things, and are destroying yourself by your secular materialism".

And surveying the wreckage of our civilization strewn from sea to sea by the selfishness of the warring factions that control our systems of government, religion, education, industry and economy, I wonder if our Prime Minister might not find those "new values" he seeks in the challenges of this new age of chaos, from the wisdom of such a noble Indian for a Canada where "the Great Spirit", the Creator, and the Father of our Lord Jesus Christ, "has dominion from sea to sea"? Surely this nation which could rise in a great national purpose to meet the challenge of Hitler's murderous international intentions can rouse itself again to wrest the control of the country from this fresh wave of barbarians which is drunkenly devouring the fruits of our national productivity while a world straves and our society crumbles.

Let the smoke of the Indians' peace-pipe be the signal that will turn us back to the teachings of "The Prince of Peace" to find the cure to that cancer of untamed selfishness in human nature which now destroys us. It is true that we will either be a nation of free men living responsible lives under God, or the anarchy of our unchecked selfishness will lead us to a tyrannical dictatorship. For Canada, it is "Christ or Chaos".

Sincerely,
Ken Campbell
PRESIDENT
Campbell-Reese Evangelistic Association

Copy of a letter to:
Chairman,
Ottawa Board of Education,
Ottawa, Ontario

Dear Sir:

The strike by Ottawa Secondary School teachers to back their demands for a 40 per cent pay hike is, of course, a gross violation of the duties of teachers as defined in the Ontario Education Act. The Act states (229-1-a-c-): "It is the duty of a teacher, (a) to teach diligently and faithfully the classes or subjects assigned to him by the principal; (b) to encourage the pupils in the pursuits of learning; (c) to inculcate by precept and example respect for religion and the principles of

Judaean-Christian morality and the highest regard for truth, justice, loyalty, love of country, humanity, benevolence, sobriety, industry, frugality, purity, temperance and all other virtues." (underlining mine) Furthermore the Act requires that "Every Board shall... ensure that every school under its charge is conducted in accordance with this act and the regulations." (146-9)

In behalf of "the exasperated silent majority" of Ontario parents and taxpayers, I urge that you call on the teachers to return to their classrooms at once or face dismissal for a wholesale dereliction of duty.

Meantime, let an adult generation that was raised to regard the teaching profession with a respect bordering on awe, take note that such arrogant, high-handed tactics by teachers reflect the disdain in which they hold the public. The good manners and decency of parents is being exploited by such teachers whose actions degrade their profession and set a barbaric example for our children.

If the teachers won't fulfill their duties, you trustees better do yours!

Sincerely,
Ken Campbell,
Chairman,
Ontario Renaissance
Committee

March 27

Dear Editor:

I would like to clear up a few points in your paper so that some stupid rumors can be stopped:

1. I have never yet sold a majorette's crest to one majorette yet, they are given to the girls, not sold.
2. The West Guilford Centre donated the crests. This is one reason why their name is in them and the other is that West Guilford is our "home base."

3. West Guilford Centre is not sponsoring the majorettes, they only donated the crests. We have no sponsor.
4. We belong to the Haliburton Highlands not just to Haliburton town as some people seem to think. We represent all regions of Haliburton County and this is one of the reasons we go to all the parades we can in this county.

5. I am the sole manager, teacher, and book-keeper for this group and my books are open to anyone who would like to see them as I have nothing to hide.

6. I only charge a small fee because I just want enough money to cover my gas and to pay my babysitter. I have not yet received any money for my time.

7. I am a volunteer teacher, I have never claimed to be a licenced teacher with honors or grades. I had one year of lessons when I was 10 yrs. old and never touched a baton again until West Guilford started their centre in 1973. Everything I know now I've taught myself from books and by watching other

people.

8. Our group was established in July 1973 as a non-profit organization.

9. We were known as the West Guilford Majorettes but I am expanding to different areas now and so we are called the Haliburton Highlands Majorettes but we still represent West Guilford as well as Carnarvon, Maple Lake, Eagle Lake, Haliburton, Minden, Harcourt, Wilberforce, Gooderham, etc, etc.

10. Our new uniforms are not blue or red or gold or dark green. They are a very pale lime green with Haliburton Tartan accessories on them.

11. Money to run this group has been won in parades and contests, worked for by the sale of tickets, baked goods, and rummage sales, or donated by interested businesses in this community.

12. No, we don't know just one routine as you will see this coming summer; but you have to remember you may see it three years in a row, but are they the same girls doing it each year? What is old to you, is new to the girls constantly coming and going - you never get much father beyond a certain level.

I hope this has straightened out a few rumors and some people who started them. The girls have never claimed to be the best but they do try hard and I think they deserve an "A" for effort. Look for them again this summer, hopefully behind the pipe band as in previous parades.

Sincerely

Mrs. Victoria Packard
for the Haliburton Highlands
Majorettes.

Cancer can be beaten.

CANADIAN CANCER SOCIETY

HALL'S LAKE NEWS

by Doreen Stinson

Easter week-end has come and gone. Being early this year and our weather being backward, not many Spring bonnets were in evidence. Snow, freezing rain, high winds and ice made the driving rather hazardous too.

Many Summer Residents came to their cottages despite the weather and it was great to see some of the families together at church on Sunday. The George Morrises from Hamilton, Robert Morrow and friend, the McFarland's from Fort Erie with daughter Cindy and her girl friend singing a duet very nicely, Rosamund Conneycare from Haliburton with her Mother, Mrs. Oliver and with Mrs. Jean Wheeler, her daughter Mrs. Rose of Windsor with her son. Also we welcomed Mr. and Mrs. Frank Cowan and Mrs. Taylor as visitors. Mrs. Gartshore played so nicely, the flowering plants were lovely and the Rev. Douglas Brown gave a very good Easter sermon.

The Snowball Round -Up Dance at the Legion in Haliburton is reported to have been a great success with several couples from Hall's Lake attending. The 50-50 Draw was won by a party from Peterborough. The Stanhope Fire Brigade are now staging a 50-50 Draw to be in effect until June and it is hoped many will support it.

Several local people are returning from the South and will probably be surprised to see so much snow still in their yards.

Miss Bonnie Stinson was home from Mount Forest to spend the week-end with her parents. She attended a dinner party and cup-and saucer shower in Hamilton recently in her honour.

Mrs. Helen Brown had her sister Verna Jarvis with her for Easter and entertained at dinner on Sunday some of her neighbours.

Club 35 will not be holding their regular monthly meeting until the third week in April this month. Euchre Parties will continue as usual on Monday evenings at 8 P.M. Come along and enjoy a game of cards with neighbours and friends. We are still talking about a "Get Acquainted Party" for people around the Lake.

A faithful group of Auxiliary Members met at Hyland Crest last Wednesday and more details were discussed re the upcoming Spring Fashion Show being arranged for May 3rd. Watch for ads. and Posters and speak for tickets already printed from members.

Glad to hear that Mrs. Elsie Bursey is coming along so well in Ross Memorial Hospital. We trust she will soon be well enough to return home. Also, we are pleased to hear that Mrs. Irma Bock has come through surgery and making satisfactory progress in Toronto General.

Fish Huts are off the Lakes now so there will likely be a little quiet spell with the snow going down and lakes not too safe. Snow Machines are still on the move however and a group went over 100 miles during the week on a safari, cooking their meal out, and enjoying the brisk cool air.

Mrs. Audrey Wilkinson spent Easter with friends in Toronto and Mr. Hart is visiting the Small family in Etobicoke, for a week or so. Last Sunday Audrey held a dinner party for several friends.

Tom Montgomery was at the Lake for the School Break and helped out in the Store on Saturday. Good to have him back as he is a wonderful helper.

TAX TIPS

Q.

Can a divorced woman claim the equivalent married exemption of \$1,492 for a 13-year-old child?

A.

Yes, provided the child lives with the taxpayer in the self-contained domestic establishment maintained by the taxpayer.

Q.

My wife and I are the same age and this year we qualify for the age exemption. On my tax form do I claim \$1,066 age exemption for my wife as well as \$1,066 for myself?

A.

No. The fact that your wife is entitled to claim the age exemption if she files her own tax return does not effect the amount you can claim as married exemption.

Q.

Who may benefit under the Registered Home Ownership Savings Plan?

A.

Taxpayers resident in Canada, 18 years of age or over, who were never previously beneficiaries under an RHOSP and who are not presently home owners may contribute to an RHOSP.

Q.

I am a salaried employee and I have to purchase special reference books for my work. Can I claim these as a deduction for income tax purposes?

A.

No. The cost of reference books is not an allowable deduction from salary received as an employee. You may claim an employment expense deduction of 3 per cent of your employment income, up to \$150 a year.

Q.

Can I claim dental expenses incurred at a denturist's establishment as medical expenses?

A.

Yes. The stipulations are that the denturist must be licensed, and the expenses aren't paid for by dental insurance plan.

Q.

My nephew, aged 15, came to live with me last year when his parents were killed in an auto accident. Although I have not been appointed as his legal guardian, and no papers have been signed, he is totally dependent on me. Can I claim him as a dependant on my income tax form?

A.

Yes. The fact that you have not been appointed his legal guardian would not bar you from claiming your nephew as a dependant if he otherwise qualified.

Q.

My wife is working and will file her own tax return. I know I can't claim the married exemption on her behalf, but can I claim this on behalf of our child instead?

A.

No. The exemption for support of a child may only be claimed by a person who is not married or, if married, is separated from and not supporting his wife.

Q.

We had our first child last week. How do I go about having my tax deductions changed, or do I need to do anything?

A.

A child will affect your personal exemption status. Whenever your personal exemptions change, notify your personnel office and they will have you fill out a new TDI form. You should do this as soon as possible.

The ancient Egyptians believed that jasper could strengthen the pulse.

The Reeve's Corner

By Reg Booth

THE COUNTY COUNCIL is composed of the Reeve of each Municipality, and in Haliburton County at present the Deputy Reeves also have a seat. This makes two members from nine Municipalities and one Chairman from Bicroft, to total nineteen members.

County Council meets on the third Wednesday in each month with the exception of July and August. Much of the work is done by Committees and this cuts the meeting time of the Council. These Committees are usually suggested by a Steering Committee named by County Council and presented for adoption at a regular meeting in January.

The Largest responsibility is the Road Committee which meets once a month to plan and direct the Roads program. The next Committee is for the operation of the Hyland Crest Home, and again this Committee meets once each month to plan and approve, check accounts and budget spending.

Each January the County Council elects from its members a Chairman to preside over the meetings for the year. The chairman carries the title of County Warden, and attends all committee meetings. The Warden Acts for the County, and signs The Warden Acts for the County, and signs documents as necessary during the year. He must also be willing to attend many meetings and functions throughout the year.

"The unpredictable is the best element of Front Page Challenge," according to Gordon Sinclair, the crusty millionaire panelist of CBC's long-running Tuesday nights-at-9:30 p.m. TV series. Age 74, Sinc's been with the show since it first began—18 years ago.

SENIOR CITIZEN APARTMENTS

**IF YOU ARE SIXTY YEARS OF AGE OR OVER
IF YOUR PRESENT ACCOMMODATION IS INADEQUATE...
IF YOUR INCOME IS MODEST**

THIS IS OF INTEREST TO YOU!

The Ontario Housing Corporation, an agency of the Ontario Government, at the request of your municipal council, is considering the development of senior citizen housing in the town. To determine the local interest in this type of accommodation, survey questionnaires are now being distributed.

**ONLY BY FILLING OUT A QUESTIONNAIRE CAN YOU HELP TO DETERMINE WHETHER
A PROJECT SHOULD BE DEVELOPED.**

Further information and questionnaire forms are available to all interested persons 60 years of age and over at the :

Haliburton County Council meets

The regular March meeting of County Council of the Provisional County of Haliburton was held in the Chambers on Wednesday, March 19, 1975, with all members in attendance. Warden Reginald Booth declared the meeting open for business at 10:00 a.m. and welcomed the return of Reeve Gary Agnew after a lengthy illness.

Resolution 37/75:

Approval of Minutes: That the minutes of the regular meeting of County Council on February 19, 1975, be approved as circulated.

Carried.

Finance Report: A Finance Report was presented by Finance Chairman Jerry M. Howarth.

Resolution 38/75

Approval of Accounts: That payment by approved for cheques number 72 to 124 inclusive in the amount of \$26,135.72.

Carried.

Correspondence: The Clerk read the following correspondence as indicated by the Correspondence Committee:

D.D. White, District Manager Minden District, Ministry of Natural Resources: Thanks for expression of appreciation.

G.M. Farrow, Executive Director, Plans Administration, Ministry of Housing: Guidelines for Development Control.

Hon. Darcy McKeough, Treasurer of Ontario:

Re. early instalment payments on 1975 Property Tax Stabilization grants entitlement.

Township of Glamorgan: Requesting endorsement of petition to improve Hwy. 503 from Mount to Tory Hill.

County of Simcoe: Resolution requesting revision of formula for funding extended care costs.

Hyland Crest Committee of Management:

Resolutions- recommending concurrence with County of Simcoe

-recommending appointment of Mr. Sidney Brown as Acting Administrator.

-recommending revision of Banking Signing Authorities

-recommending ratification of Collective Agreement

Haliburton Highlands Chamber of Commerce: Proposal

on Haliburton County Economic Development Commission and apportionment of Manager's time.

J.A. McQuarrie, Q.C.- re expropriation of Little Property, Harcourt Township.

for County Road #10.

Correspondence mentioned was:

R.A. Illingworth, Director, Provincial-Municipal Affairs Secretariat: requesting recommendations on municipal election date and related matters.

Municipalities of Provisional County of Haliburton: recommendations as to election date, as requested at February County Council.

County of Victoria and Provisional County of Haliburton: Grand Jury Report Haliburton Highlands Chamber of Commerce: Hon. John Rhodes visit to County.

Resolution 39/75

The Correspondence Committee request Council to ac-

cept the Correspondence as presented.

Carried.

Action on Correspondence:

-It was recommended that the Township of Glamorgan should prepare a brief for presentation to the Hon. John Rhodes on his visit to the County.

-The Clerk was requested to prepare an amending By-law for the Haliburton County Economic Development Commission.

-J.A. McQuarrie letter to be referred to County Road Committee, whose Chairman explained that every consideration had been given.

-It was recommended that municipalities submit resolutions on an individual basis regarding election dates and related matters.

Hyland Crest Senior Citizens' Home: Hyland Crest Committee of Management

Chairman J. Harrison presented a comprehensive report on the operation of Hyland Crest Senior Citizens' Home, the recommended budget for the year 1975, and explained the implications of the resolution initiated by the County of Simcoe.

Resolution 40/75

Revision of formula for extended care funding. That we concur with resolution of the County of Simcoe recommending revision of the formula for funding extended care costs at Homes for the Aged.

Carried.

Resolution 41/75

Sidney Brown, Acting Admin. That Mr. Sidney Brown be appointed Acting Administrator of Hyland Crest Senior Citizens' Home during any absence of the Administrator, Mrs. Elsie Bursey.

Carried.

Resolution 42/75

Hyland Crest Banking Signatories: That Bank Signing Officers for Hyland Crest Senior Citizens' Home be the Warden, the Clerk-Treasurer, and the Administrator of Hyland Crest Senior Citizens' Home (or in the absence of the Administrator the Acting Administrator), or any two of them.

Carried.

Resolution 43/75:

Collective Agreement Hyland Crest: Be it Resolved that the collective agreement reached on conciliation between the Provisional County of Haliburton for the Hyland Crest Senior Citizens' Home and the Canadian Union of Public Employees Local 1225 be ratified by this County, such agreement being effective January 1, 1975 for a period of two years.

Carried.

Property Report: Property Chairman Lloyd Walker gave a report on the recent building inspection by the Property Committee, and itemized anticipated expenditures as recommended to the Budget, recommended to the Budget Committee.

Carried.

Resolution 44/75;

By-Law 943 Remuneration to County Engineer; That By-law 943, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of adjusting the remuneration

to the County Engineer and Road Superintendent of the Provisional County of Haliburton.

Carried.

Resolution 45/75:

By-Law 944

Salaries of Certain County Employees: That By-law 944, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of adjusting the salaries of certain employees of the Provisional County of Haliburton.

Carried.

Resolution 46/75:

By-Law 945

Employee Regulations and Benefits: That By-law 945, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of adjusting the salaries of cer-

law for the purpose of regulating the hours of work, vacation allowances, sick leave, and other benefits for all employees of the Provisional County of Haliburton.

Carried.

County Apportionment:

On behalf of Budget Committee Reeve Murray Fearrey reported on the study of County Apportionment and outlined the recommendations of the Budget Committee, which were summarized and circulated for consideration.

Recess: The Warden called a ten-minute recess at 11.05 a.m. for discussion.

Resolution 47/75:

Approval-County Apportionment: Be it resolved that a by-law be prepared on County Apportionment based on

the proposal of the Budget Committee's recommendations.

Carried.

Resolution 48/75:

By-law 949

Resolution 48/75: By-Law 948

Haliburton County Economic Development Commission; That By-law 948, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of appointing members to the Haliburton County Economic Development Commission.

Carried.

Resolution 49/75:

BY-LAW 949

Road Closing Guilford Twp. That By-law 949 for the purpose of confirming By-law 74-25 of the Municipality of Dysart et al, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law to close a portion of the original road allowance between Concession two and three, through Lots 26, 27, 28, 29 and 30 in the Township of Guilford.

Carried.

Resolution 50/75:

BY-LAW 950

Road Closing Dysart Twp. That By-law 950 for the purpose of confirming By-law 75-3 of the Municipality of Dysart et al, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law to close a portion of the original road allowance between Concessions seven and eight, through Lot 26, R.D. Plan 19R 199 in the Township of Dysart.

Carried.

Resolution 51/75:

By-Law 951

Road Closing Harburn Twp. That By-law 951 for the purpose of confirming By-law 75-42 of the Municipality of Dysart et al, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law to close and stop up part of the original road allowance between Lots 15 and 16, Concession 9 and 10, in the Township of Harburn.

Carried.

Industrial Development

The Clerk read a letter delivered to the meeting and addressed to the Haliburton County Economic Development Commission from the Hon. Claude Bennett, Minister of Industry and Tourism, concerning the industrial development brief recently submitted.

Noon Recess: Members of Council adjourned for lunch. Council adjourned for luncheon at 11:50 a.m. Council was reassembled at 2.00 pm.

County Road Budget: Road Committee Chairman S.G. Nesbitt reported on the recommended Road Budget which would take advantage of the maximum grant available to the County.

County Budget: As Chairman of the Budget Committee, Reeve S.G. Nesbitt reviewed each classification in the budget. Warden Booth requested members to study the proposed budget for ten minutes.

By-Law 946

County Apportionment

That By-law 946, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal at-

tached, being a by-law for the purpose of confirming apportionment of the County Rate for Municipalities within the Provisional County of Haliburton for the year 1975.

Carried.

Resolution 53

By-Law 947

County Levy

That By-law 947, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of authorizing the levying and collection of certain assessments within the Provisional County of Haliburton for the year 1975.

Carried.

Local Government Study Committee:

Chairman of the Local Government Study Committee Murray Fearrey reported on a recent meeting at which a resolution was passed deferring further decisions on a Restructure Study until May County Council, pending considerations and investigations by the municipalities. Individual members of Council voiced their opinions and reviewed proposals to date.

Hon. John Rhodes Visit

Warden Reginald Booth spoke to Council about the visit to the County by the Hon. John Rhodes, Minister of Transportation and Communications, in April and requested presentation of briefs from each municipality.

Resolution 54/75

Adjournment

That this meeting adjourn at 2:45 p.m.

Cancer can be beaten.

BIBLE FACTS

by Stephen S. Thorlakson

Until the time of the fifth Ecumenical Council in 553 A.D., The early church had an established doctrine that the soul pre-exists the human bodily personality, as well as the present doctrine that it survives after death.

The following references support the pre-existence doctrine (Malachi 4:5). (Math 11:13-15). (Math 16:13-18). (Math 17:10-13). (Heb 6:17-20) and (7:1-3). (Heb 2:11-18.) In the light of these scriptures (John 9:2), is a natural and proper question, which reads, "and his disciples asked him, who did sin, this man or his parents, that he was born blind?"

About the middle of the 19th century a collector of old books in Rome discovered a manuscript written in Greek, entitled, Secret History by Procopius, the official historian of the Emperor Justinian's three wars against the Persians, The Vandals, and the Goths.

This manuscript was translated into English in 1935 by H.B. Dewing Harvard University Press. See also, Edgar Cayce on Reincarnation by Noel Langley A.R.E. Press Virginia Beach VA, U.S.A.

This Secret History is an inside story about two people who according to the author are among the most morally depraved and murderously sadistic human beings who have ever possessed such awesome power in recorded history. But the central revelation coming out of this authentic document is that the Emperor Justinian convened the fifth Ecumenical Council in defiance of Pope Virgilius, who did not attend the meeting.

This Ecumenical Assembly was for the purpose of providing an official way to deliberately remove the doctrine of pre-existence from canon law, because it ran counter to the self deluding mania of his wife, the Empress Theodora and his own, that they would both at the moment of death be glorified as a Godness and as a God in their own right.

The whole power of the Roman Imperial government was systematically used to remove any reference to pre-existence or reincarnation from the teachings of Christianity, especially the writings of Origen.

According to the original apostolic concept man is a dual creation. In essence he is an eternal spiritual being created in the image and the likeness of God. (Gen 1:26). This spiritual man image of the supreme being also inhabits an earthly body periodically, which is perishable Heb. 9:27.

When such a dual being commits murder he or she is automatically condemned to death, which the natural law of action and reaction demands, or as the Bible puts it, "An eye for an eye", or a life for a life" etc, this law governs the entire universe.

When a man guilty of murder and condemned to die by a duly constituted court of law is executed, the scales of divine justice are balanced, but if the sentence is commuted the final act of judgement is only postponed, the murderer will have to meet a violent death in a future incarnation to balance the scales.

There is only one alternative. The condemned man, in his own mind can come to believe in and accept the atoning grace of God in Christ on the cross as having died for him. Should this happen in spirit and in truth he is at that precise moment transformed from a state of murderous carnal mindedness, which is death, to a state of spiritual mindedness, which is life and peace. (Rom 8:6).

The spiritual man image of God as revealed in the Hebrew Bible all ways appears on earth in human form, whether in dream, vision, possession at birth, or by direct incarnation. The common notion that the soul of man transmigrates into other animal forms is false. It is not to be confused with reincarnation.

A is for Apples All through the meal

Into every dish of a dinner meal you can incorporate apples, say food specialists at the Ontario Food Council, Ministry of Agriculture and Food. In this particular meal, it is only in the dessert that the distinctive taste of the apples will manifest themselves. In the other dishes, the apples subordinate their taste to the taste of the other ingredients, and act as an enhancer.

MULLIGATAWNY - flavor's good, so good...

BROTH:
1½ lbs. chicken wings
½ celery stalk
½ carrot
½ small onion
½ small bay leaf
1 teaspoon salt
5 peppercorns
2 apples, chopped
4 cups chicken broth (from above)
1 can (7½ oz.) tomato sauce
1 teaspoon chopped parsley
1 teaspoon curry powder
1/8 teaspoon mace
1 teaspoon salt
1/8 teaspoon pepper

Rinse chicken wings well in cold water. Halve wings. Place in a large saucepan; add 4 cups cold water. Bring to a boil, reduce heat and skim well. Add celery, carrot, onion, bay leaf, salt and peppercorns; cover.

Simmer for 45 minutes. Cool. Remove chicken wings and discard skin and bone. Set meat aside. Strain the broth, reserving liquid, (add water to make up to 4 cups, if necessary).

In saucepan combine apples, reserved broth, tomato sauce, parsley, curry powder, mace, salt and pepper. Simmer, covered for 20 to 30 minutes. Add reserved chicken. Makes 6 to 8 servings.

RED CABBAGE AND APPLES

1 head red cabbage, medium size
¼ cup butter
2 medium onions, finely chopped
½ teaspoon nutmeg
2 teaspoons salt
freshly ground black pepper
2 cups water
2 tablespoons cider vinegar
4 firm apples
3 tablespoons fresh lemon juice
Cut cabbage head into quarters and then into shreds, removing the hard core. Set aside. Melt the butter in a large pan. Add the onions, nutmeg, salt and pepper, and cook until the onions are golden. Add water and vinegar; stir in the cabbage. Cover and cook over medium heat for 30 minutes.

Meanwhile, peel and slice the apples. Add them to the cabbage; cover; continue cooking for 30 minutes more, adding a little more water if the cabbage

looks dry. Stir in lemon juice. Makes 6 cups. Serve with roast pork or pork chops.

BEST APPLE COBBLER

Makes 8 servings, but only count on 6... they'll want seconds.

Filling:

5 cups pared and cored McIntosh apples (6 to 7)
¾ cup sugar
2 tablespoons all-purpose flour
½ teaspoon cinnamon
½ teaspoon salt
1 teaspoon vanilla
¼ cup water
1 tablespoon soft butter or margarine

Batter:

½ cup sifted all-purpose flour
½ cup sugar
½ teaspoon baking powder
¼ teaspoon salt
2 tablespoons melted butter or margarine
1 egg, slightly beaten
Slice apples into a bowl. Sift sugar, flour, cinnamon and salt over apples; toss. Add vanilla to water. Stir into apple mixture. Turn into an 8 x 8 baking pan. Dot with butter. In same bowl beat egg slightly. Add remaining batter ingredients; beat with a wooden spoon until smooth. Drop batter in 9 portions on apples. Bake 35 to 40 minutes at 375 degrees F.

Summer jobs help for students

The Canada Manpower Centre for Students has begun operations in Peterborough for "Summer '75". The office is set up to aid local students seeking summer employment, to help employers locate summer help and to provide information about the various federal and provincial programs offered students during the summer months.

Marilyn Easson has been hired as the student officer in charge. She is a graduate of the University of Western Ontario and has experience working in Student Manpower offices in Cobourg and Ottawa, Ontario. She worked for the Canada Manpower Centre in Kitchener prior to moving to Peterborough. During the summer months she will be aided by several student assistants. Mrs. Easson and the student assistants will be going out into the community to generate interest and support for student hiring in this area. Efforts will be made to maintain close liaison between students seeking work and persons requiring workers.

The office is temporarily situated at 130 Hunter Street, Room 4 until other quarters are established. The telephone number is 743-3815. Interested students and employers are urged to drop in to see our operation. The office hours are presently 8:15 a.m. until 4:30 p.m.

Hydro use slowly rises

The province's electrical needs climbed slowly upward during February.

An Ontario Hydro report shows primary energy consumption of 7,198,445,536 kilowatt-hours during the month. This is up only 2.2 per cent from the corresponding total for February, 1974 and Hydro sees the moderate growth rate as a reflection of unseasonably mild weather and continued economic slowdown.

Peak electrical demand during February was 13,510,501 kilowatts. This came at 5:50 p.m. Monday, February 10. Approximately 37 per cent of total energy made available during the month came from water power, 29 per cent, coal, 13.2 per cent, nuclear, 4.5 per cent, natural gas and 16.3 per cent, purchases. The first of the four units to be brought on line at the 2,295,000 kilowatt oil-fired Lennox Generating Station, near Bath, delivered initial power to the Ontario Hydro system during February. A 14,800 kilowatt combustion turbine unit was also declared in service.

ABOUT THE TOWN

with Jeanne Sears

We noted that two of the shops in the Country Mall are open, one has a variety of leather goods, and the other has nearly everything you might need whether groceries, milk and bread and even a magazine or book; handy for everyone and good parking space.

Sincere sympathy to the family and friends of the late Tim Harrison who died suddenly last week.

Was surprised on the weekend to meet some of our summer folk, who have been holidaying at their summer homes rather than going for a short stay in the sunny south.

Congratulations to the newlyweds Mr. and Mrs. Earl Hewitt (nee Emma Berry) who were married early last week.

The young do not know enough to be prudent, and therefore they attempt the impossible and achieve it, generation after generation.

Pearl S. Buck,

When you have time! The friend you hold so dear
May be beyond the reach of your intent;
May never know that you so kindly meant
To fill her life with love and sweet content,
When you had time.

Now is the time! Ah, friend, no longer wait
To scatter loving smiles and words of cheer
To those around whose lives are now so dear
They may not meet you in the coming year--
Now is the time!

Anon.

The last two weeks has been Book Exchange through the nine branches of County Public Libraries with each library taking off 200 books in different categories and receiving the same amount besides the new books just processed at the Office. Incidentally don't forget to return those books you found tucked in among your own, to your own branch.

The community sends good wishes to these senior citizens who celebrated birthdays in March, Emma Henderson, Ada Woolcott, Annie Iles, Anna McBride, Georgena Horsley, Jane Reid, Bruce Sims and Mrs. W. Stone.

Mr. and Mrs. Sid Brown had their son Wayne, home for an Easter break from Burns Lake, B.C.

Love of the life that was given to me,
Love of the life that is to be,
Love of my work and its stern command,
Love of the strength that is in my hand;
O beauty of life that has come to me,
Let me be grateful for thee;
Let me live on and say away,
"Thank God for the beauty I've found to-day".
M.M. Colvin

Weekend guests with the Bill Moor's were Mr. and Mrs. Alan Brydson and family of Bracebridge.

Some of our migratory birds are back from the south with some people having seen red-winged blackbirds and robins, makes us feel Spring is on its way.

Bradley Robinson of Western University, London, enjoyed a weekend with his parents Mr. and Mrs. Phil Robinson.

Mr. and Mrs. Junior Walker and family of Lindsay spent Easter Sunday with his mother Mrs. Wallace Walker.

Do you think this is true? Every child should know a hill...And the clean joy of running down its long slope..With the wind in his hair..He should know a tree.. The comfort of its cool lap of shade....And the supple strength of its arms...Balancing him between earth and sky..So he is the creature of both...He should know bits of singing water...The strange mysteries of its depths..And the long sweet grasses that border it...Every child should know some scrap of uninterrupted sky to shout against...and have one star, dependable and bright...For wishing on.
E.C. Joll.

Mr. & Mrs. Bill Foote had their daughter Joanne of Toronto visiting with them during the Easter Break.

Miss Sandra Sears of Toronto was a weekend guest with her parents Mr. and Mrs. M. Sears.

Father seasonal weekend, rain, snow, clearing with cold March winds, the roads are bumpy in spots so drive carefully.

CHEERIO UNTIL NEXT TIME.

Chamber Booth

Last Month the Haliburton Highlands Chamber of Commerce staffed this special booth at the Canadian International Sportsman's Show

where potential tourists and other visitors were able to learn first-hand of the highlands many attractions. Here Mrs. Marion Aratfield and

Executive Manager Larry Perrott show some of the Chamber of Commerce literature to a visitor.

TODAY'S HEALTH

Rehabilitation helps the mentally ill to readjust

by David Woods

Statistics show that one Canadian in eight will at some time or other undergo psychiatric treatment.

In most cases such treatment merely means putting back on the right tracks those who may have wandered off them — which is easy enough to do.

For mental illness has its roots mainly in problems of living, and, says Dr. Harvey Brooker, a psychologist at Toronto's Clarke Institute of Psychiatry, "There's a very thin line between coping and not coping with life . . . people with psychiatric problems aren't that much different from so-called 'normal' people."

It's the realization of this in recent times that has led to more humane and practical treatment. Mental illness is no longer talked about in whispers; its sufferers are no longer shunted to some quiet institutional siding to be left.

For instance, patients at the Clarke Institute, once they have undergone medical treatment for a specific problem, are actively helped back into their family, employment and community roles.

The people who provide this rehabilitation come from a variety of disciplines: they are psychologists, occupational therapists, social workers and nurses.

For patients whose acute depression or anxiety affected work or

personal relationships, and caused them to seek help in the first place, it may be difficult to pick up the threads of their former lives when they return to the community.

Rehabilitation programs at the Clarke and elsewhere help make the transition easier by conducting workshops in which participants are helped to reassess their aptitudes and skills. "They are helped not only for work, but for living," as Dr. Brooker puts it.

Brooker gives as examples the typist who is encouraged to increase her speed so that she can apply with confidence for a job; the university student who is shown how to concentrate better; and the schizophrenic who is taught how to relate differently to others.

The workshops serve as a launching pad for six months or so of follow-up once the patient is back in the community setting where help and guidance are continued.

The Clarke Institute's rehabilitation services looked after some 375 patients last year — actively placing more than 200 of them in new work or learning environments.

The Institute works with Canada Manpower and other employment agencies to return mental patients to suitable and fulfilling work — to put them back on the tracks as soon as they're ready. And, with ongoing care, it offers help when needed to keep them there.

In medieval times it was believed that a knife would indicate poison when stuck in the table by quivering.

Bowling

RUBY FRANCIS IN UCL LEAD

The United Church Ladies opened their three weeks of bowling play-offs last week at Medley's Bowl in Carnarvon. After each team had completed their three games, Ruby Francis was in the lead with a four point edge on Nola Denelko, 2988 to 2984. Fifty points back in third spot came Marnie Bunn with 2938 and then the defending league Champion Lil Martin with 2927. In fifth was Shirley Hughes with 2875 and sixth was Virna Wagg at 2868.

NAME THE NEW BOWLING ASSOCIATION

Carnarvon, Bancroft, Fenelon Falls and Lakefield. These four towns have decided to break with the Kawartha District Bowling Assoc. and form their own association. We need a name and a crest.

If anyone is interested in entering this Contest, kindly write your chosen name for our new association on a sheet of paper along with the design of your crest and mail it to Medley's Bowl and Dance, Carnarvon, Ontario. The winner in this contest will receive the first bowling shirt with the new name on it; bowling shoes and bag and membership for the year 1975-76.

MINDEN LOSES ANOTHER YOUNGSTER

This past weekend in Minden at the Community Center, Tim Harrison was refereeing a hockey game between Rotary and the Lands & Forests, when he was hit on the head with a flying puck. A few hours later Tim was pronounced dead in a Toronto hospital. I'd like to take this opportunity of expressing my sincerest sympathy to Mr. & Mrs. Norm Harrison on the death of their son.

Tim not only played hockey (goal), on one of the Minden minor teams but he was always available if there was refereeing to be done.

There is one comment I'd like to make concerning the refereeing of games by youngsters. It is mandatory for all minor hockey players to wear helmets. It is my contention that the powers-to-be, see that from this date on all youngsters refereeing games be required to wear a helmet as well. That puck does not get any softer just because you change from a uniform to a striped shirt.

Along The Trails

with
The Highland Snowmobiler
and Roy Bates

On our way from Haliburton to the HCSA ride-in at Redstone, March 23rd, our group of four chose a route via West Guilford, Coleman Lake. We were pleasantly surprised to discover a good trail, well marked by local snowmobilers, running from a crossing of the Kennis Lake Road to Coleman Lake and Redstone. We commend the people who developed the trail for it is evident that a great deal of volunteer effort went into it. We suggest that West Guilford riders choose a responsible representative to meet with the Association's trail committee so that this trail, and others in the area, may be considered for widening to HCSA standards and groomed next season. The HCSA would be pleased to meet representatives from all sectors for this purpose.

The rain and freezing rain of Saturday, the 22nd, seems to have effected the turn-out for the rally. About sixty riders showed up to partake of the free coffee and hot chocolate dispensed by Ken Fielding and his lovely wife. With cooler, dryer weather, Sunday's riding conditions were very good. And have stayed good all week. Good Friday was one of the best days for snowmobiling we have seen all season. Of course all roads are now bare of snow, pointing up once again the need for a continuing effort to develop off-road facilities to replace all road links in our trails system.

It is, now, possible to ride quite long distances in most areas without using roads, but your choice of routes is limited. For example, I can travel to Fourcorner Lake by way of the Peterson but the logical return route, the Kennaway and Tractor Road, is impractical because of bare sections.

Lake conditions were very good throughout March, but with less ice on them this year they will likely deteriorate rapidly. If you must venture on them, give all inlets and outlets a wide berth and stay out of narrows. Beaver ponds can become very treacherous at this time of year, particularly those with active colonies. Don't be foolhardy.

A recent report states that snowmobile fatalities in Ontario are down by 52% from last year. Obviously the new legislation has kept us off the highways and made us more safety conscious. With more and better trails becoming available to us we should see a further reduction of accidents next year. Let us keep our County off the statistics sheets. We seem to have succeeded this season. A delegation of HCSA directors were given a demonstration of the "Bombl" used by the Ministry of Natural Resources at Gooderham. They were quite impressed with the machine, its power and ease of handling. The grooming device was the same trail grader used by the Association with its Alpines. It works more efficiently with the powerful Bombl, but still leaves something to be desired. High moguls may be reduced to a shallow wave but not entirely eliminated. Carl Cowden, of Snoplan, assures us that a new drag, designed to match the Bombl, will be available next season. I implore all snowmobilers to support HCSA fund-raising schemes so that we may acquire one, two, or three Bombl trail units. Until something better comes along, it is THE machine for Haliburton trails.

KIN-NEWS

by Lewis Stevens

The Kinsmen's "Ladies Night" was a Wine and Cheese party at the Wagon Wheel, March 31st. We had a good turnout and the night's dancing and fellowship was a wonderful way to say goodbye to March.

One of the events of the evening was our monthly Marathon Draw, and the results are as follows:

\$100.00 Mr. Gord. Compton, Bradford

\$ 50.00 Mrs. Irene Sawyer, Weston

\$ 50.00 Mrs. Alice Todd, Minden

Spring Conference '75' is being held at the Carousel Inn in Oshawa this year, April 4th and 5th, 1975. Friday night is down as a fellowship evening, but Saturday is a day for business, and is the preparation necessary by each club to co-ordinate their efforts to enable our Zone executive to act as one in their presentation and participation at our District 8 Convention, held in Toronto, June of this year. A group of Kinsmen from Minden will be going down to both these events to represent our Club.

Our next general meeting will be Past Presidents' Night. This gives the membership a chance to reflect back on the last 19 years of Kinsmen fellowship in Minden, and give honour and appreciation to our chief executives who have guided us in our endeavours towards community needs. Next big event on the Kinsmen Calendar is the Kinsmen "MAYFEST", May 17th, 1975. Plans are well underway to ensure that this will be a MAYFEST to renew old friends, while making new friends, and mixing in the hospitality for which our Highlands are so famous.

New act to protect environment

The Ontario Government today introduced a far-reaching piece of legislation -- The Environmental Assessment Act, to protect the environment from potential damage resulting from major public or private development projects. Environment Minister William G. Newman introduced the Act as a continuation of the government's action program outlined in the Speech from the Throne. Mr. Newman said the Act is "preventive medicine," providing a comprehensive system to anticipate and prevent environmental damage that can result from develop-

ment projects. The Act provides for the assessment of major development proposals to avert undesirable effects on the environment at a stage when the proposals can be altered. It ensures that the proponent of the project and the appropriate government agencies conduct a full evaluation of its environmental implications. The legislation will be implemented in stages, applying first to projects and programs initiated by the Ontario government and its agencies and later the major private and public projects.

Fewer snowmobile crashes in 74-75

Toronto-- Fatalities resulting from collisions involving motorized snow vehicles were down 52 per cent over the first three months of the 1974/75 winter season compared to the same period in 1973/74, it was announced by Ministry of Transportation and Communications. During this period, October 20 to February 8, injuries

resulting from snowmobile collisions were down 39 per cent, while property damage collisions were down 31 per cent. From all reported collisions on and off highway, fatalities dropped from 25 in 1973/74 to 12 this season; 263 personal injuries from 431; and 115 property damage collisions from 167.

History fair April 11-12

Peterborough -- Historical exhibits from elementary and secondary schools in Peterborough County will feature the history fair to be held at Trent University on Friday and Saturday, April 11-12. The fair will be one of the elements of the county's celebration of the 150th anniversary of the arrival of the Peter Robinson settlers in 1825. Sponsors of the two weeks of historical events in the city are Trent University's Canadian Studies program

and history department, together with the Peterborough public library, public and separate school boards, the Peterborough Historical Society, Centennial Museum, and the Homecoming Committee. School and private exhibits, some including early, original documents, will be on display from 2 to 8 p.m. April 11, and from 10 a.m. to 4 p.m. April 12. The exhibit area will be in Otonabee College at Trent's Nassau campus.

Fall National Liberal convention

The 1975 national convention of the Liberal Party of Canada will be held in Ottawa on November 7, 8 and 9. The convention announcement was made jointly by Prime Minister Trudeau, Leader of the Liberal Party, and by Senator Gildas

Molgat, the Party's President.

This will be the first national convention of the Party since its 1974 federal election victory. Such conventions are regular biennial events.
